List of Articles, arranged alphabetically according to name of author. Publications by the same writer are listed in the order in which they appeared.

Abstracts in a foreign language are indicated by a translation of the title into that language.

Contributions to the sections 'Bibliography', 'Book Reviews', 'Building Blocks' and 'Chronicle' are given last under the name of the author concerned. Details of them can be found in the 'List of Publications Reviewed' (p. 21), and under the headings 'Building Blocks' (p. 83), 'Historical Gleanings' (p. 85), 'Portraits' (p. 86), 'Chronicle' (p. 87) and 'Bibliography' (p. 88).

The numbers of volumes (not the parts) to which reference is
made are printed in bold type. The figure immediately following
the number of the volume indicates the year of publication
(cf. p. 89).

**List of Publications reviewed**, arranged alphabetically
according to name of author, or according to a word in the
title, for anonymous publications.

Publications by the same writer are listed in the order in which
they are discussed in 'De West-Indische Gids'. A date has only
been given when it is mentioned in the review itself.

The numbers of volumes (not the parts) to which reference is
made are printed in bold type. The figure immediately following
the number of the volume indicates the year of publication of
the review (cf. p. 89).

Names of reviewers are between brackets.

Names of authors are given in the form in which they occur in the
review; Christian names are generally indicated only by the
initials. The identity of writers using pseudonyms is not revealed
unless this has also been done in the review.

Misprints and inaccuracies have been corrected as far as possible.

**List of Catchwords**, divided into: Surinam, Netherlands
Antilles, Surinam and the Netherlands Antilles, Other Areas.

Catchwords are printed in italics, unless they are names of
people, in which case they are printed in small capitals.

The numbers of volumes (not the parts) to which reference is made
are printed in bold type. The figure immediately following the
number of the volume indicates the year of publication of the
article concerned (cf. p. 89).

Names of authors are given between brackets.
