Scope

The *Philippine Political Science Journal* (PPSJ) is an internationally refereed journal and the official publication of the Philippine Political Science Association (PPSA). The *PPSJ* welcomes articles dealing with the politics and international relations of Southeast Asia. Manuscripts may focus on individual countries of the region but comparative articles about the countries in the region and the region as a whole are especially welcome.

Ethical and Legal Conditions

The publication of a manuscript in a peer-reviewed work is expected to follow standards of ethical behavior for all parties involved in the act of publishing: authors, editors, and reviewers. Authors, editors, and reviewers should thoroughly acquaint themselves with Brill's publication ethics, which may be downloaded here: [brill.com/page/ethics/publication-ethics-cope-compliance](http://brill.com/page/ethics/publication-ethics-cope-compliance).

Online Submission

*PPSJ* uses online submission only. Authors should submit their manuscript online via the Editorial Manager (EM) online submission system at: [editorialmanager.com/rpsj](http://editorialmanager.com/rpsj). First-time users of EM need to register first. Go to the website and click on the “Register Now” link in the login menu. Enter the information requested. During registration, you can fill in your username and password. If you should forget your Username and Password, click on the "send login details" link in the login section, and enter your e-mail address exactly as you entered it when you registered. Your access codes will then be e-mailed to you.

Prior to submission, authors are encouraged to read the ‘Instructions for Authors.’ When submitting via the website, you will be guided stepwise through the creation and uploading of the various files. A revised document is uploaded the same way as the initial submission. The system automatically generates an electronic (PDF) proof, which is then used for reviewing purposes. All correspondence, including the editor's request for revision and final decision, is sent by e-mail.

Double-blinded Peer Review

*PPSJ* uses a double-blind peer review system, which means that manuscript author(s) do not know who the reviewers are, and that reviewers do not know the names of the author(s). When you submit your article, you should submit a separate title page that includes the full title of the manuscript, the names and complete contact details of all authors, the abstract and keyword texts, and any acknowledgement texts. This page will not be accessible to the referees. All other files (manuscript, figures, tables, etc.)
should not contain any information concerning author names, institutions, etc. The names of these files and the document properties should also be anonymized.

File Format
Please upload source files as Word docs; i.e., .doc and not .pdf files.

Contact Address
For any questions or problems relating to your manuscript please contact the Editor, Dr Maria Ela L. Atienza at: mlatienza@up.edu.ph. For more information about PPSJ, manuscript format, and any queries or comments, please contact the Managing Editor, Mr Jan Robert R. Go at: jrgo1@up.edu.ph.
For eventual questions about Editorial Manager, authors can also contact the Brill EM Support Department at: em@brill.com.

Submission Requirements
The Executive Editor Board is responsible for the selection and acceptance of articles, but responsibility for the opinions expressed in them rests with the authors.

Language
Manuscripts should be written in English. Contributors can use either British- or American-style English as long as they are consistent throughout.
Enforce the Oxford comma throughout (see blog.oxforddictionaries.com/2015/01/21/video-oxford-commal).

Manuscript Length
Manuscripts submitted for publication in the journal must comply with the following: articles should be between 6,000 to 10,000 English words; review essays, between 3,000 to 5,000 words, and book reviews, between 800 to 1,200 words.

Manuscript Structure
Manuscripts must be double-spaced with wide margins.
The manuscript should be submitted as two files. The title page should contain the title, followed by the author(s)' name(s), title, affiliation and e-mail address(es). This should be followed by a brief biographical note and research interests, recent publications.
Instructions for Authors

The second file should contain the manuscript, starting with the title, abstract, keywords, main text and references. If included, acknowledgements should be placed after the main text and preceding the references.

Abstract and Keywords
An abstract of 100–150 words should accompany papers, as well as between three to six keywords.

Acknowledgements
Any acknowledgements text (thanking individuals, acknowledging grants, etc.) should be placed in an ‘Acknowledgements’ section preceding the References.

Dates
June 17, 2019, 100 B.C.E., 600 C.E., 1980s (not 1980’s or ’80s); nineteenth century (not 19th century).

Quotations
Use double quotation marks (") for a simple quotation. For a quotation within a quotation, use single quotation marks (‘). A comma or a period (full stop) should be placed inside quotation marks in all situations. For texts longer than 3 lines, use a block quotation, indented half an inch from the left margin. In this case, no quotation marks are necessary at the beginning and end of the quotation, but use single quotation marks for quotations within a block quotation.

Footnotes
Notes should be kept to a minimum and numbered consecutively throughout the article. Notes should be included as footnotes, and not as endnotes.

References in the Text
All source references are to be identified at the appropriate point in the text by the last name of the author, year of publication and pagination where needed. Identify subsequent citations of the same source in the same way as the first. The journal uses the Chicago Manual of Style, 16th edition.
- If author's name is in the text, follow it with year in parentheses, e.g., Zhang (1999).
- If author's name is not in the text, insert, in parentheses, the last name and year, e.g., (Smith 2016).
- Pagination follows year of publication after a colon, e.g., Brown (1985, 72).
- Give both last names for two authors. Give all last names on first citation in text for more than two authors; thereafter use “et al.” in the text. When two authors have the same last names, use identifying initials in the text, e.g., (P. Chen 2003; T. Chen 2002; Yen 2002).
- Separate series of references with semi-colons and enclose them within a single pair of parentheses, e.g., (Edwards 1981; Lee et al. 1983).
Instructions for Authors

Reference List
List all items alphabetically by author—and, with multiple works by the same author, by year of publication—at the end of the manuscript, entitled “References”. If there is more than one reference to the same author and year, distinguish them by the letters a, b, c, etc. after the year (2013a). The titles of free-standing publications such as books and journals should be in italics; the titles of items within publications such as short stories, chapters and poems should be in roman and enclosed in single quote marks.

Where multiple translations of the same text exist, it is incumbent on the author to make it clear to the reader which version they are engaging with.

**Figures**
All charts, maps, images and illustrations should be called “figures” and numbered consecutively; the number and title should be placed above the figure. Sentence style should be used.

All figures and tables must be cited consecutively in the text (Figure 1, Figure 2, Table 1, Table 2, etc.). Figures should be submitted as separate source files in .eps, .tif, or .jpg format, in a size suitable for the typesetting area of the journal. The resolution of these files should be at least 300 dpi for half-tone figures, and 600 dpi for line drawings. Number the files, and indicate in the manuscript where they are to appear (Fig. 1 here). All figures should be in black and white.

The text in a figure must be legible, and should not be smaller than corps 7. The size of this lettering for any text in a figure should be the same for all figures in the manuscript.

Tables should appear in the relevant location in the main text; there is no requirement to submit them as separate files. The number and title should be placed above the table in initial caps/headline style. Authors are responsible for clearing copyright of using figures and tables in the articles submitted.

Proofs
Upon acceptance, a PDF of the article proofs will be sent to the author by e-mail to check carefully for factual and typographic errors. Authors are responsible for checking these proofs and are strongly urged to make use of the Comment & Markup toolbar to note their corrections directly on the proofs. At this stage in the production process only minor corrections are allowed. Alterations to the original manuscript at this stage will result in considerable delay in publication and, therefore, are not accepted unless charged to the author. Proofs should be returned to the Editor.

E-Offprints
A PDF file of the article will be supplied free of charge by the publisher to authors for personal use. Brill is a RoMEO yellow publisher. The Author retains the right to self-archive the submitted (pre-peer-review) version of the article at any time. The submitted version of an article is the author's version that has not been peer-reviewed, nor had any value added to it by Brill (such as formatting or copy editing). The Author retains the right to self-archive the accepted (peer-reviewed) version without any embargo period. The accepted version means the version which has been accepted for publication and contains all revisions made after peer reviewing and copy editing, but has not yet been typeset in the publisher's lay-out. The publisher's lay-out must not be used in any repository or on any website (brill.com/resources/authors/publishing-books-brill/self-...

Consent to Publish

Transfer of Copyright
By submitting a manuscript, the author agrees that the copyright for the article is transferred to the publisher if and when the article is accepted for publication. For that purpose the author needs to sign the Consent to Publish which will be sent with the first proofs of the manuscript.

Open Access
Should the author wish to publish the article in Open Access he/she can choose the Brill Open option. This allows for non-exclusive Open Access publication under a Creative Commons license in exchange for an Article Publication Charge (APC), upon signing a special Brill Open Consent to Publish Form. More information on Brill Open can be found on brill.com/brillopen.
