Animal Behaviour

Editor-in-Chief: F.B.M. de Waal, Atlanta, GA, USA

Behaviour is interested in all aspects of animal (including human) behaviour, from ecology and physiology to learning, cognition, and neuroscience. Evolutionary approaches, which concern themselves with the advantages of behaviour or capacities for the organism and its reproduction, receive much attention both at a theoretical level and as it relates to specific behaviour.

 Contributions to Zoology

Editor-in-Chief: Ronald Vonk, Naturalis Biodiversity Center, Leiden, The Netherlands
Associate Editor-in-Chief: Bert Hoeksema, Naturalis Biodiversity Center, Leiden, The Netherlands

Contributions to Zoology solicits high-quality papers in all systematics-related branches of comparative zoology (including paleontology).

Animal Biology

Editor-in-Chief: Joris M. Koene, VU University, Amsterdam, The Netherlands

Animal Biology publishes articles from all quarters of zoology, including ecology, behaviour, evolution, morphology, neurobiology, developmental biology, physiology, cognition, endocrinology, systematics, genomics and theoretical biology.

Amphibia-Reptilia

Publication of the Societas Europaea Herpetologica

Co-Editors: Salvador Carranza, Barcelona, Judit Vörös, Budapest, and José Carlos Brito, Vairão

Amphibia-Reptilia is a leading European multi-disciplinary journal devoted to all aspects of herpetology.
Crustaceana
International Journal of Crustacean Research
Managing Editor: J.C. von Vaupel Klein, Bilthoven, The Netherlands
Associate Editors: C.D. Schubart, Regensburg, Germany and C.H.J.M. Fransen, Leiden, The Netherlands

Crustaceana is a leading journal in the world on crustacean research, including the latest papers from all branches of zoology. It provides up-to-date information on aspects such as taxonomy, zoogeography, ecology, physiology, anatomy, genetics, palaeontology, and biometry, and covers all groups of Crustacea.

Insect Systematics & Evolution
An International Journal of Systematic Entomology
Editor-in-Chief: Dr. Hojun Song, Texas A&M University, College Station, TX, USA

Insect Systematics & Evolution (ISE) publishes original papers on all aspects of systematic entomology and the evolutionary history of both extant and extinct insects and related groups. Priority is given to taxonomic revisions and phylogenetic studies employing morphological and molecular data.

Books

Israel Journal of Ecology and Evolution
Editor-in-Chief: Ofer Ovadia, Ben-Gurion University of the Negev, Israel

The Israel Journal of Ecology and Evolution includes high-quality original research and review papers that advance our knowledge and understanding of the function, diversity, abundance, distribution, and evolution of organisms. We give equal consideration to all submissions regardless of geography.

Tijdschrift voor Entomologie
A Journal of Systematic and Evolutionary Entomology since 1857
Editor-in-Chief: Dr. Herman de Jong, Naturalis Biodiversity Center, Leiden, The Netherlands
Managing Editor: Dr Hubert Turner, Leiden, The Netherlands

The Tijdschrift voor Entomologie is a peer reviewed journal for systematic and evolutionary entomology. The journal welcomes submissions on taxonomy of insects, other hexapods, arachnids or myriapods, especially when placed in a broader evolutionary context. There is no geographical restriction.
