Minority Self-Government in Europe and the Middle East

From Theory to Practice

Edited by **Olgun Akbulut**, Kadir Has University, Turkey, and **Elçin Aktoprak**

This volume is novel from several perspectives. It combines theory with facts on the ground, going beyond legal perspectives without neglecting existing laws and their implementation.

READERSHIP: Academic libraries for law and political science sections, graduate and post-graduate law and political science students, law and political science scholars.

Performance Requirement Prohibitions in International Investment Law

Alexandre Genest,
World Trade Organization

In *Performance Requirement Prohibitions in International Investment Law*, Alexandre Genest proposes the first empirical typology of performance requirement prohibitions in investment treaties and the first in-depth analysis of arbitral awards on the subject, which will improve their interpretation and drafting.

READERSHIP: Government officials who negotiate treaties, arbitrators and tribunal members who adjudicate trade or investment disputes, counsel who represent investors or States in such disputes, professors and students of international law.

Plundered Empire *Acquiring Antiquities from Ottoman Lands*

Michael Greenhalgh

Providing extensive documentation, the book examines the mechanics, trials and tribulations of plundering the Ottoman East for private and public collections in Europe. It helps document the continuing debate about the ethics of museum collections.

READERSHIP: All interested in the survival and re-use of the classical world throughout the West, and how prestige objects were brought from the Ottoman Empire as trophies for Western museum collections.

New Series

The Law of Nations and Natural Law 1625-1800

Simone Zurbuchen, University of Lausanne

Twelve international scholars offer innovative studies of the law of nations from the Peace of Westphalia to the Enlightenment. The focus is on little known contexts and sources, and on novel interpretations of classics in the field.

READERSHIP: Philosophers, historians, legal scholars and political theorists interested in the history of international law, and anyone concerned with modern natural law and Emer de Vattel’s *Law of Nations*.

Paperback

L'entreprise et les conflits internationaux de lois

Louis d'Avout

Agent de la mondialisation au coeur des réflexions critiques, l'entreprise est aussi un phénomène juridique. Elle entretient à ce titre des rapports complexes avec les droits des Etats. Organisme dynamique établi à partir d'eux, et en particulier des réglementations de droit privé, l'entreprise sécrète un pouvoir dont on prétend qu'il remettrait en cause l'autorité des lois. Ce cours étudie la façon dont l'entreprise est assujettie aux divers droits nationaux, pour sa constitution et son activité à travers les frontières.

Paperback

Le fondement de l'effet des jugements étrangers

Gilles Cuniberti

Ce cours présente et critique les différentes théories et fondements existant en droit comparé. Certaines mettent en avant les intérêts privés des justiciables, à l'instar du droit à l'exécution des jugements promu par la Cour européenne des droits de l'homme. D'autres privilégient les intérêts des Etats, qu'ils soient purement économiques ou plus politiques. Enfin, le cours s'interroge sur le fondement de la circulation des jugements dans les systèmes fédéraux, en insistant plus particulièrement sur le principe de confiance mutuelle prévalant dans l'Union européenne.

Corporate Criminal Liability and Compliance Management Systems

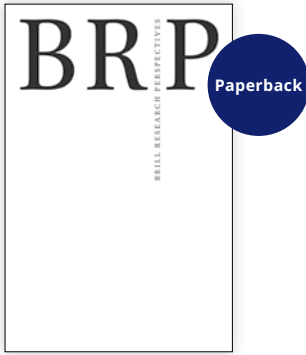

A Case Study of Spain

Santiago Wortman Jofre,
Queen Mary University of London

In *Corporate Criminal Liability and Compliance Management Systems: A Case Study of Spain* Santiago Wortman Jofre presents a case study in which he analyses the regulation on compliance as deterrent for corporate criminality. He also examines the role of criminal justice and offers a view on the incentives to prevent corporate criminality.

READERSHIP: All interested in corporate criminality, white-collar criminology, corporate criminal law and criminal compliance.

Between Criminalization and Protection

The Italian Way of Dealing with Migrant Smuggling and Trafficking within the European and International Context

Vincenzo Militello, Palermo University, and **Alessandro Spina**, Palermo University

This volume is devoted to the dark side of human mobility, that is migrant smuggling, and linked with it, human trafficking. Both subjects will be mainly treated from an Italian perspective; however, due to their having a generally transnational character, the analysis will necessarily require that international and supranational actions/measures also be taken into account.

The Critical Attitude and the History of International Law

Jean d'Aspremont, Sciences Po and University of Manchester

This book argues that the critical histories of international law must move beyond a mere historiographical attitude and promotes radical historical critique in order to unbridle disciplinary imagination in international law.

READERSHIP: All interested in international law, international legal theory and the history of international law.

Religious courts in the jurisprudence of the European Court of Human Rights

Michał Rynkowski

In the 60 years of its existence, the European Court of Human Rights has handled only twelve cases in which a religious court was involved at stage of domestic proceedings. These cases originated from a number of European States and the Court came to various conclusions, which are presented in this book.

The Ubiquity of Positive Measures for Addressing Systemic Discrimination and Inequality

A Comparative Global Perspective

David B. Oppenheimer, University of California, Berkeley Law

Positive measures to prevent and remedy discrimination have been adopted in many parts of the world. This book compares positive anti-discrimination measures in the United States, India, Brazil, South Africa, Canada, the United Kingdom, and the European Union.

READERSHIP: Academic and NGO civil rights institutes and advocacy organizations, law libraries, discrimination law specialists, graduate and undergraduate law students, legal practitioners, and educated laypersons.

Securities and Capital Markets Regulation in South Africa

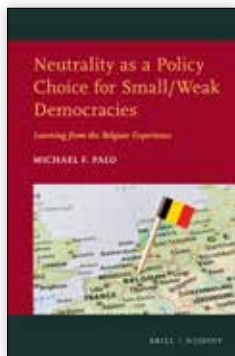

A Contemporary View

C. King Chanetsa

In *Securities and Capital Markets Regulation: A Contemporary View*, the author takes a critical look at regulation of the sector in South Africa primarily in view of efforts to accommodate international standards, policy considerations, and the transition to a new regulatory framework (Twin Peaks).

READERSHIP: Policy makers, regulators, practitioners, lecturers and students of securities and capital markets regulation. In particular, it provides an insight into the impact of the global financial crisis on regulatory reform.

Neutrality as a Policy Choice for Small/ Weak Democracies

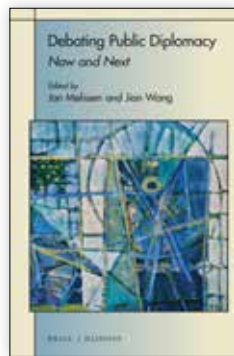

Learning from the Belgian Experience

Michael F. Palo

In *Neutrality as a Policy Choice for Small/Weak Democracies: Learning from the Belgian Experience*, Michael F. Palo has three main objectives. First, he employs a counterfactual approach to examine the hypothesis that had permanent neutrality not been imposed on Belgium in 1839, it would have pursued neutrality anyway until war broke out in 1914. Secondly, he analyses why, after abandoning obligatory neutrality during World War I, the Belgians adopted voluntary neutrality in October 1936. Finally, he seeks to use the historical Belgian case study to test specific International Relations' Theories and to contribute to Small State Studies, especially the behaviour of small/weak democracies in the international system.

READERSHIP: This book will appeal to scholars, students, and laymen interested in Belgian diplomatic history, neutrality, and the behaviour of small/weak (democratic) states in the international system.

Faith-based Diplomacy and Interfaith Dialogue

Scott Blakemore, Bond University

Interfaith dialogue is a practice that could benefit diplomatic strategies but has not yet been brought into diplomacy's scope. This paper uses the theoretical construct of faith-based diplomacy to recommend interfaith dialogue as a viable strategy within diplomatic activities.

READERSHIP: This study is a source of an interest and will be beneficial to students and scholars of diplomatic studies, as well as to practitioners of diplomacy.
