East Central Europe
Aims & Scope
East Central Europe is a peer-reviewed journal of social sciences and humanities with a focus on the region between the Baltic and the Adriatic, published in cooperation with Pasts, Inc. Center for Historical Studies, Central European University. The journal seeks to maintain the heuristic value of regional frameworks of interpretation as models of historical explanation, transcending the nation-state at sub-national or trans-national level, and to link them to global academic debates. East Central Europe has an interdisciplinary orientation, combining area studies with history and social sciences, most importantly political science, sociology, anthropology, and cultural studies. It aims to stimulate the dialogue and exchange between scholarship produced in and on East Central Europe and other area study traditions, in a global context.
