As will be known SODEPAX, the Committee on Society, Development and Peace, was established in January 1968, as a joint enterprise by the World Council of Churches and the Pontifical Commission Justice and Peace.

Since that date several activities have been undertaken and quite a number of publications have appeared:

- **IN SEARCH OF A THEOLOGY OF DEVELOPMENT.** Papers from a Consultation on Theology and Development, held by Sodepax in Cartigny, Switzerland, November 1969.

- **PARTNERSHIP OR PRIVILEGE?** An Ecumenical Reaction to the Second Development Decade, Geneva 1970.

- **MONEY IN A VILLAGE WORLD.** Papers from a colloquium on the Interests of the Developing Countries and International Monetary Reform, sponsored by Sodepax, Geneva 1970.

Scope of this, however, is to draw attention to regional and national publications related with the work of Sodepax. For as Mrs. Helen Franco, Sodepax Publications Officer, writes in an article on Sodepax in a publication of the Pastoral Institute of Eastern Africa
"... the first main event in the life of Sodepax (the conference of Beirut 1968) met with considerable criticism, largely because of its concentration upon economic aspects of the development problem and its failure to present forcibly the point of view of the poorer nations. Since that time the voice of the Third World has been heard much more clearly in Sodepax discussions".

These voices can be heard most clearly in the mentioned regional and national Sodepax publications. These are reports of ecumenical consultations for development on regional and national level organized in association with Sodepax.

Several of these consultations and related activities have been organized in Africa, Asia, Australasia, Europe, Latin America and the Caribbean. In some countries national Sodepax committees have been formed e.g. in Lesotho, Indonesia, Japan. (See Sodepax Newsletter no. 1 and 2, April and August 1971).

The following list gives a survey of reports and conference-related papers that are available now. We make some additions to the official list as published on the back-page of the Sodepax Newsletter by mentioning e.g. also some mimeographed reports we received.
