

LEGISLATIVE SURVEY OF THE RUSSIAN FEDERATION: JANUARY-APRIL 1993*

Introduction

The "Legislative Survey of the Russian Federation" hopes to assist our readers in keeping abreast of the most important legislative output of the Russian Federation. The materials contained in this issue of the Legislative Survey have been selected from legislation promulgated in the period of 1 January to 31 April 1993.** We have brought the different laws, decrees and other normative acts issued in this period under a detailed system of headings, so that the various legal documents relate to each other in a meaningful way. Our regular readers will notice that some new headings appear in our List (see *infra* 1-5.1, 2-17, 13-1.1.3, 15-2.1), while some have been reordered (Section on Corporate Law). These changes were meant to reflect the systematic development of Russian Law and its expansion to areas previously untouched by the Russian Legislator. The List of Headings and Index provide references to the various headings in the Survey.
