XI. RHETO-ROMANCE STUDIES
By Ingmar Söhrman, Gothenburg University

1. Bibliographical and General

Morphosyntax. Laura Vanelli, I dialetti italiani settentrionali nel panorama romanzo. Studi di sintassi e morfologia, Rome, Bulzoni, 279 pp., deals also with Friulan and Ladin, especially in the chapter on personal pronouns and the Friulan plural formation.

2. Friulan

Lexis and Orthography. Gianni and Luca Nazzi, Dizionario Friulano. Italiano-Friulano/Friulano-Italiano, Milan, Vallardi, 1997, 500 pp., is modern but fairly limited in range, covering only 12,000 lexemes, but the general dearth of Friulan dictionaries makes even

**Morphosyntax, sociolinguistics, and languages in contact.** Linguistic policy and politics are controversial: the complexities of the current situation in the South Tyrol are described in Reiner Arntz, ‘Sprachenrecht und Sprachenpolitik im dreisprachigen Südtirol’, pp. 10–20 of *Neue Forschungsarbeiten zur Kontaktlinguistik*, ed. Wolfgang W. Moelleken and Peter J. Weber, Bonn, Dümmler,
