Table S1. Information on rice production and cadmium pollution in the four provinces.

	Hunan Province	Jiangxi Province	Jiangsu Province	Fujian Province
Paddy rice sown area (per 1000 hectares)	4,009.0	3,436.2	2,241.7	619.6
Paddy rice sown area rank in China	1	3	6	16
Paddy rice output (per 10,000 tons)	2,674.0	2,092.2	1,958.0	398.3
Paddy rice output rank in China	2	3	5	17
Quantity of cadmium pollutants discharged in wastewater (per 10,000 tons)	701.6	2,941.6	32.6	97.2
Quantity of cadmium pollutants discharged in wastewater rank in China	3	1	17	11
Cadmium rice incident Baidu Search Index	3	1	2	1
Cadmium rice incident Baidu Search Index rank in China	2	9	3	8
